Senior product manager with 10+ years building B2B products at the seam where operational software meets financial and operational data. Strongest at B2B SaaS, marketplaces, and vertical software where the company has shipped product but the foundational problems are still being solved, and where the work has a direct line to revenue. Track record of shipping financial data products, operator-facing tooling, and activation surfaces that have generated \$70M+ in measurable impact across roles at Square, Weebly, Infusionsoft, and Gierd.

Experience

Senior Product Manager

GIERD • SEPTEMBER 2025 – APRIL 2026 • REMOTE

B2B SaaS marketplace orchestration platform serving enterprise sellers across seven marketplaces including Amazon, eBay, and Walmart.

- Rebuilt binary ledger into multi-state transaction system that normalized cost and revenue across seven marketplaces, returning ~80 hours monthly to financial users at ~50 enterprise customers including AT&T, Verizon, and Acer
- Built variance-tracked transaction records with export formatting optimized for direct import, eliminating manual reformatting step for finance teams
- Layered AI anomaly detection on normalized ledger to surface negative-margin exposure, enabling early users to reallocate inventory toward positive-margin channels
- Introduced RICE-based prioritization and built Gierd's first structured delivery process across 20-person product council

Senior Product Manager

INFINITECHOICE • 2023 – 2025 • REMOTE

B2C travel and events platform with 11.8M annual visits and \$1.5B in bookings.

- Rebuilt marketing A/B testing into product-led experimentation system with revenue-potential prioritization and groomed testing backlog, running 12+ disciplined single-variable experiments quarterly
- Redesigned mobile checkout to surface fees and pricing transparently, improving checkout conversion 41% (2.9% to 4.1%) and generating ~\$22M in incremental annualized revenue
- Redesigned "no availability" experience to surface nearby hotels with confirmed availability, converting 30% of previously lost users and recovering ~\$14M in annual bookings

Product Lead

SOLO GLOBAL • 2022 – 2023 • REMOTE

Fintech startup providing banking and business tools for solopreneurs. 0-to-1 with no shipped product at time of hire.

- Designed category-personalized rewards program around spend concentration rather than partner subsidies; shipped program with debit card to 1,000+ users in closed beta with 15% concentration validating 2% cash back model

Senior Product Manager, Buyer Experience

SQUARE • 2019 – 2022 • REMOTE

Public fintech company serving SMBs worldwide.

- Rebuilt Square Online checkout from ground up through full redesign and disciplined A/B testing, generating \$24M in incremental processed payments
- Built and launched Square Pay stored payment wallet that grew to 5M customers and supported \$300M in transaction volume over 18 months
- Recommended killing Square Pay cross-platform expansion, saving estimated 24+ engineer-months by identifying tap-to-pay adoption outrunning QR-based wallet UX

Product Manager

WEEBLY (ACQUIRED BY SQUARE) • 2017 – 2019 • SCOTTSDALE, AZ

E-commerce platform serving small business sellers, acquired by Square in 2018.

- Built ML-powered self-service experience surfacing three most likely help articles based on seller behavior, increasing self-service resolution 16% and reducing annual support cost ~\$1M
- Rebuilt CS internal tooling around agent workflows with ML-powered call prediction and upsell surfacing, lifting upsell conversion to 25%, reducing AHT to 8 minutes, generating ~\$1.2M incremental annual revenue

Product Manager

INFUSIONSOFT • 2014 – 2017 • CHANDLER, AZ

SaaS CRM and marketing automation platform for small businesses.

- Redesigned three-tier onboarding around immediate time savings and business scalability, lifting CSAT 42% and generating \$9M annualized revenue through customer mix shift
- Shipped pre-send check and send accelerator for automation builder, reducing time to first campaign from 65 to 42 days and lifting builder adoption 18%
